*****Race Guide*****

Race Notes

Race Notes: All included in the next several pages of this document, but we know you won't read all the pages. So here are the notes in a nutshell. Don't say we didn't tell you.

1. You must have a current copy of your 2026 USAC RACING License in hand at REG.
A pic on your phone is great.
2. Race Result Timing Chips will be used and are mandatory. Many Southeastern riders own their own chips but other riders will need to RENT a chip for the weekend for \$10. This is a rental not a deposit. A credit card will be swiped as collateral but not charged unless you fail to return the chip after the races. We do contact you to see if it will be mailed back before you are charged. For details on our chip return policy visit this link.
<https://www.topviewsports.com/timingchipreturn>
3. Please be sure to clean up after yourself/team/car area. Do not leave piles of trash. Find trash cans or take out your own trash.
4. Please bring your own water. We are not able to supply enough water for 250 racers each day. Plan ahead and bring water.
5. The Merckx Advantage in the Time Trial is common to our regulars but to the many out of state riders this is new territory. Read the [details here](#) for the rules. Please note that we will follow the rules to a tee. That's the only way to make it fair. Any wheels over 60MM in depth will be classified as AERO no exceptions.
6. Be kind and courteous to other racers, officials, police, volunteers and race staff because it's the right thing to do.
7. Please note that littering will **not be tolerated** on the racecourses or in the parking area. It IS NOT the responsibility of the race promoter to pick up your trash. Be responsible adults/racers and take out what you bring in.
8. No discarding of any trash on the racecourse. The officials will automatically take down your race number and you will be disqualified for that stage!!
Banana Peels are the only exception.
9. Race Bib numbers MAY NOT BE FOLDED OR CUT.
For TONGA number placement is:
Friday: Left: Saturday Road Race: Left
Time Trial: Right Sunday Crit: Right
View this image to see how numbers should be placed. If you can't tell which is correct then please ask a friend to help you. Folded/cut numbers subject to USAC penalties.

EVENT RULES & SCORING

This race will be scored on POINTS to determine overall winners. Medals and cash prizes will be issued to overall winners.

Introducing “The Merckx Advantage Time Trial” – The Time Trial on Saturday afternoon will again have a twist. Any/All riders using aero equipment will receive actual race time **BUT riders who complete the TT using a “Merckx Style” TT bike as defined by the following rules will get a :30 second deduction from their time.**

Here are the rules and regulations for “Merckx”. There will be a TVS staff member in the staging line to verify rider status of Merckx or Aero. Your Merckx status will be assessed by staff in the start queue to qualify for the advantage. We feel this is a fair and fun way to do the TT and allows riders without TT bikes to compete on a level field.

1. No Teardrop Helmets (current aero Road helmets are ok), EARS may not be covered.
2. No aero wheels deeper than 60mm rims. There are ZERO exceptions 61 or 62 is close but it is outside of the rules and will be classified as AERO.
3. No aero bars of any size or length
4. No shoe covers
5. No Disc wheels
6. Skinsuits are permitted.
